What is APAEA

The Asian Pacific American Employees Association (APAEA) is comprised of employees representing Asian Pacific American interests in Montgomery County Government. The association was formed in October 1985. At present, over 400 employees from the 8,000 in Montgomery County Government are of Asian Pacific descentant.

APAEA Mission

The mission of the Asian Pacific American Employees Association is to represent and foster Asian Pacific Americans working at all levels within Montgomery County Government by encouraging cultural awareness, facilitating inclusion and diversity in the workplace, and supporting professional development.

APAEA is committed to accomplish its goals by

- Linking employees with County services and programs that enhance their professional development and effectiveness and career development
- Encouraging and promoting increased representation of Asian Pacific Americans in county employment
- Providing an avenue for exchanging ideas and communication among employees, the County and the community
- Building cultural awareness and diversity through programs and activities that foster equity, recognition and respect for all cultural differences
